

Fruitland School District Registration 20-21

If you are just beginning the upcoming school year's registration process, please start here as you will need to complete the district online registration first. Instructions are in the link that follows:

<https://fruitlandschools.org/district-registration/>

After district online registration is completed, please click on the links below for the school(s) your student(s) will be attending. Each school may update their links periodically throughout the summer so please be sure to check back if you have questions. As always, please email parentportal@fruitlandschools.org and we will do our best to get answers for you. Thank you!

***A NOTE FROM FRUITLAND SCHOOL DISTRICT FOOD SERVICE:** If you have a parent portal account, you can go online now and put money on your student's lunch account. Also, online FRAM applications will be available after July 1st. We are encouraging all parents/guardians to fill out a form as that helps the district with funding. More information coming soon.
