

2017-2018 Fruitland School District Registration

It is hard to believe we are already gearing up for our next school year!! Fruitland School District will be using online registration again and we would like to encourage all families that will be **returning** to the district to go online and register now so that part of the process will be completed. We are opening the portal for registration on May 5, 2017 and, if you have access to the internet, you may register any time after that. If you **do not** have access to the internet, you will be able to register your student(s) on August 3rd & 4th. At that time, the computer labs in all the schools will be available to register your students online.

Please note: *You will register all your students at once, you will not need to fill out the online registration for each individual student. To make the online process easier, please make sure you have all pertinent information handy when you begin.*

If you have a parent portal account, please log into Parent Portal and click on the Online Registration tab. If you cannot remember your credentials or password to the portal, please email parentportal@fruitlandschools.org and your credentials will be sent to the email address in our student information system.

If you **DO NOT** have a parent portal account, please use the following link to access online registration: <https://idcloud1.infinitecampus.org/campus/OLRLoginKiosk/fruitland>
If you would like to have portal access, please email parentportal@fruitlandschools.org to request credentials and we will guide you through the setup process.

After the online portion is complete, you may still need to attend the August 3rd and 4th registration events. Below are the requirements for each school.
